Environmental charter of the hotel

Dear guests,

We are pleased to welcome you to our company.

Since its foundation, we have placed great importance on protecting the environment. For us, for you and for future generations, we do our very best to minimise the impact of our activity on the nature and wildlife around us.

The future of the planet and the conditions in which our children will live are issues that concern us all. Simple daily actions can make a difference.

Together let's protect life, let's protect the Earth.

We raise awareness among our teams and our customers

- Our sustainability manager has undergone specific training on the issues of durable tourism, environmental preservation, and CSR.
- Our teams are trained in the eco-gestures to be respected in their daily tasks.
- We choose our service providers and suppliers according to their sustainable and social commitments.
- We offer various alternatives to limit car travel: bicycle hire, public transport, etc.

We save water and energy

- We have installed water flow reducers without altering the pressure on the taps and showers in order to not exhaust the resource.
- We propose a reuse of bathroom linen.
- All toilets are equipped with 3/6L volumetric flushes.

Environmental charter of the hotel

- We measure our water and electricity meters every month to manage our consumption better.
- All of our lighting systems are LED, which saves energy and provides similar comfort for our customers.
- We have also implemented presence detectors in the corridors to limit energy waste.
- All rooms are equipped with double windows and double glazing.
- All rooms are equipped with a centralized energy management system.
- The establishment is equipped with a centralised air conditioning management system (heating and cooling).
- Our air conditioning/heating system is limited in accordance with government recommendations (minimum 22°C for cooling and maximum 22°C for heating).

We limit and sort waste

- We have installed pumps for body & shampoo products in all bathrooms to reduce plastic packaging waste.
- We recycle glass and favour returnable bottles.
- We recycle used batteries and light bulbs.
- Our ink cartridges are refillable.
- We recycle packaging and cardboard.
- Coffee capsules are recycled and recovered by the company we work with.
- All our rooms are equipped with bins for selective sorting.
- We do not offer disposable tableware.
- We sort organic waste, which is collected and processed into certified organic compost.

We are attentive to the well-being of our guests

- Our breakfasts and room services offer organic, local products or with Protected

Designation of Origin (PDO).

- The products used for the maintenance of the rooms are non-toxic or Eco-labelled, which offers better air quality and less risk for skin health.
- For your well-being and that of our staff, we have banned bleach, which is irritating to the respiratory system and toxic to aquatic organisms.
- Our establishment is entirely non-smoking.

And even more

- Each year we commit ourselves to new standards to perfect our approach. Do not hesitate to share your ideas with us!

Thank you for supporting us during your stay!

In order to give concrete expression to our commitment and to be part of a continuous improvement, we have worked and obtained the Green Key label.

The Green Key label distinguishes tourist accommodation and restaurants committed to a voluntary, effective, and dynamic environmental approach. and dynamic approach.

The label is awarded annually by an independent jury made up of experts and tourism and environment professionals.
